

## CLERGY WEAR FOR WOMEN

We are pleased to feature a special range of Clergy Wear for Women. All the garments illustrated have been carefully considered, are of the finest quality, and have been successfully worn over a number of years by our many women customers.

### CLERGY CASSOCKS

We offer both Anglican and Latin style Cassocks in a choice of tailoring qualities. The 'A' line style of Cassock features a single full pleat at the rear, as opposed to the traditional design which has two full pleats at the sides and one at the rear giving a much fuller skirt. Both qualities are tailored to the individuals requirements.

**W731** Double Breasted Cassock of the traditional Anglican Style featuring three pleats for extra fullness in the skirt. Fastened with buttons at each shoulder and with button at waist. Supplied with a 3½" opening as standard (with no opening or 2" opening if required). Cassock has two side pockets.

**W747** An alternative in the Double Breasted style to W731. This Cassock has a full pleat at the rear giving an 'A' line effect when worn. Collar opening of 2" as standard (3½" or no opening if required). Pockets and buttoning specifications the same as W731.

**W735** Single Breasted Cassock featuring through buttoning spaced at 3" apart. Full pleats at rear and two at sides gives a graceful drape to this robe. Supplied with a 2" collar opening as standard (1½" or no opening if preferred) and two side pockets. Alternative buttoning options available.

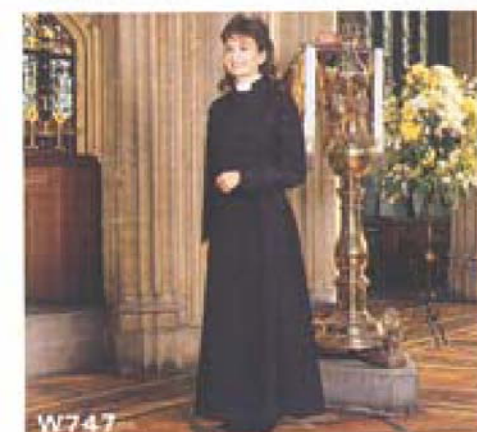

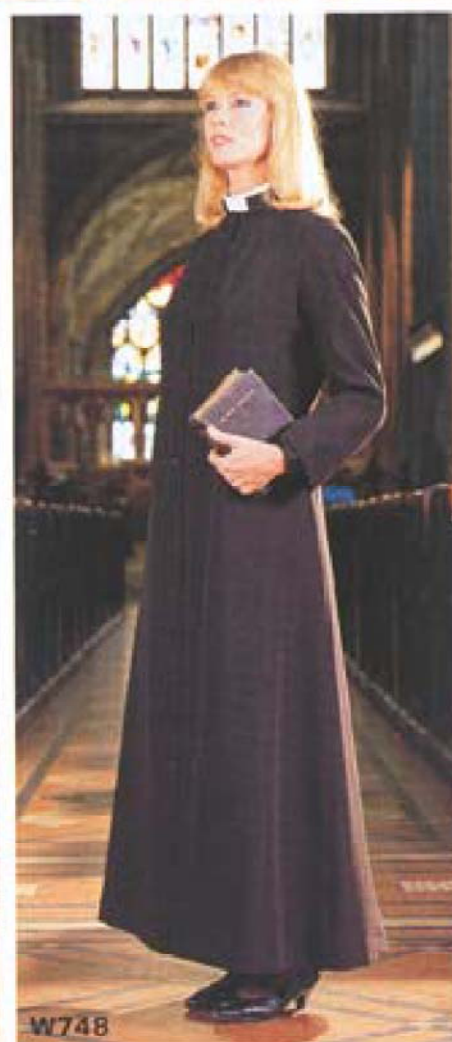

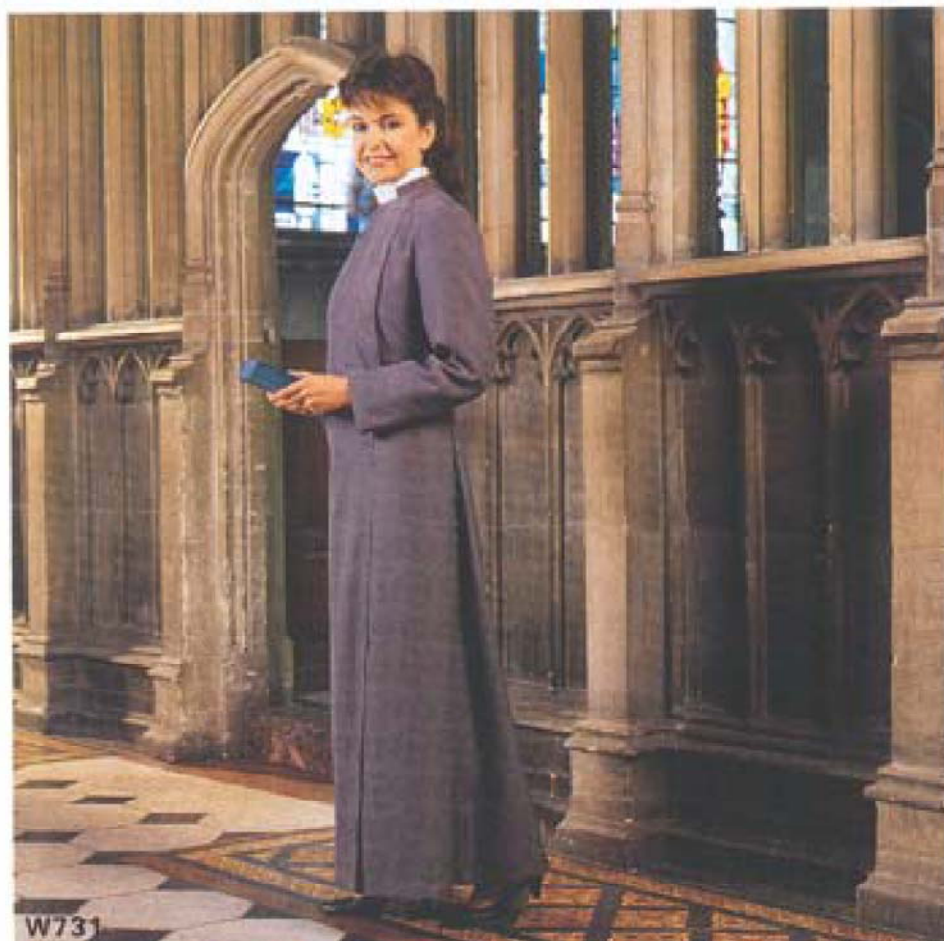

**W748** Centre front fastening of Latin style with a full pleat at rear. Standard opening of 1½", but 2" or no opening available. Buttoning and pocket details as style W735.

**Option A** — Smaller buttons spaced 1½" apart to button through.

**Option B** — False buttons to show 1½" apart, with larger fastening button in fly.

**Option C** — Zipper in fly with standard or smaller buttons to show at extra cost.

(Options A and B are available without charge)

## CINCTURE BANDS AND ROPE CINCTURES

### W739 (W739 P.F.) CINCTURE BAND

Specially designed for womens wear, 4" wide and available with traditional hand knotted fringe ends as illustrated. Two rows of buttons for waist fastening (Style W739) or with plain fringe ends (Style W739 P.F.).

### ROPE CINCTURE

Traditional Rope Cincture in black, medium-blue and navy-blue.

### TIPPETS—PREACHING SCARVES

Available in lengths suited to height of wearer. For Tippets order style W299, state height and required width—6", 7 1/2" or 9". Tippets are supplied with gathered neck or plain neck and with straight or pinked ends—state requirement. For the Old English, self folding style W301, please state height.

## CASSOCK ALBS

Our considerable experience in tailoring is demonstrated by the Cassock Alb. Two styles are available both fastening with button at shoulder and waist. Both the W386 which has a collar or the W387 which features a small cowl have one concealed pocket at the side. Usually worn with white Rope Cincture.

## CLERGY SURPLICES

Our Clergy Surplices are renowned for quality and for their graceful fullness. A full range of illustrated styles are complementary to the Cassocks we list and have been specially designed for ladies wear.

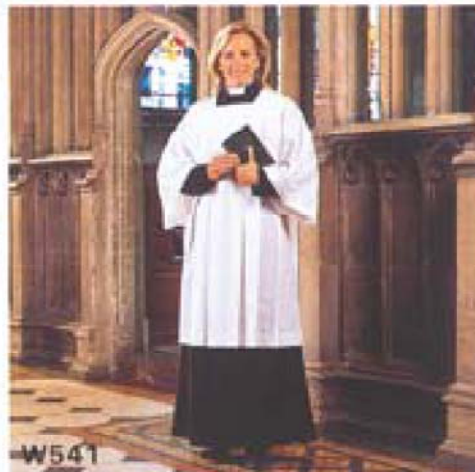

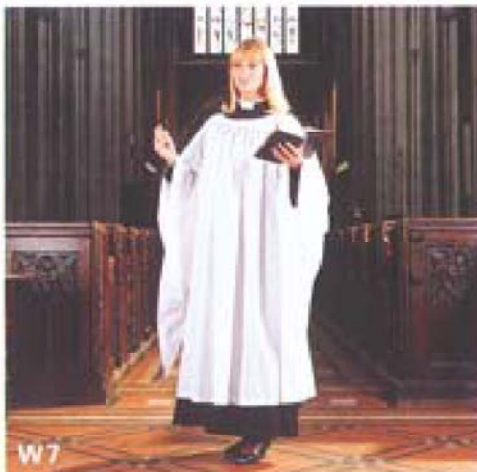

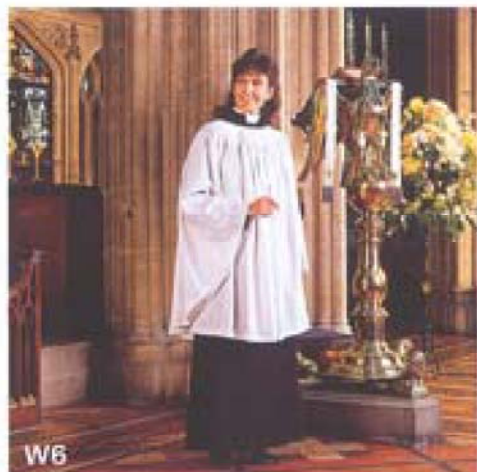

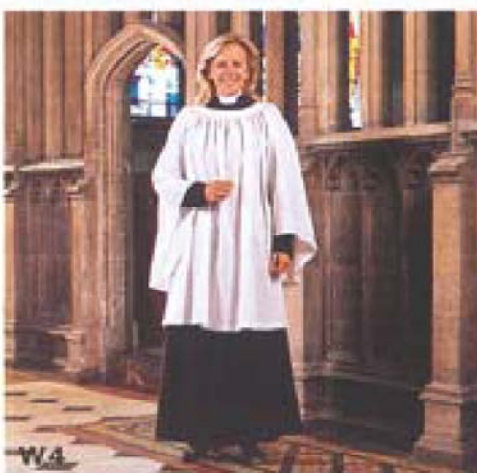

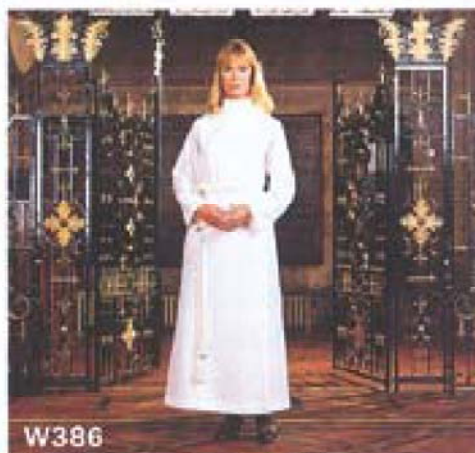

W4 Medium gathered style, with rounded sleeves. Usually worn knee length.

W5 Fully gathered style, with rounded sleeves. Fullness is hand gathered with double row of gauging below neckband. Usually worn knee length.

W6 A fully gathered surplice with three rows of hand gauging below the neckband and featuring two rows of feather stitching on the neckband. Finished with a roll cord edge around the top of the neckband. This extremely graceful vestment has bell sleeves and is usually worn knee length or slightly longer.

W7 Traditional 'Old English' style with long pointed 'angel-wing' sleeves and full gathering into neckband. Usually worn mid-calf length or longer.

W541 Square neck Cotta featuring box pleats. Fullness is ensured by using five pleats resulting in graceful yet simple vestment. Usually worn knee length.

**W537** A cotta to complement style W541. This vestment has the same specification as W541, but features lace inserts in sleeves and above the hem.

## CLOAKS

The Cloak and the Cappa Nigra, whilst informal in style are both practical and graceful garments for outdoor wear. Both are available in a pure wool proofed melton.

**W463** Cut full, this cloak features a deep collar and concealed pockets. It is fastened at the neck with button and metal clasp and chain. Can be supplied with arm vents if required, at no extra cost.

**W463A** As W463 but with detachable button-on hood.

**W767** A traditional Cappa Nigra with extra fullness and attached cowl. Supplied with two concealed pockets and fastened as described for style W463. Arm vents can be included if required at no extra cost (not illustrated).

## GOWNS (Pulpit Robes)

In the fine tradition of our Clergy and Academic Gowns, the illustrated example of a Pulpit Gown features the very best available in styling and quality.

**W546A** Pulpit Robe with full bell-shaped sleeves, and inner sleeves. Hand gathered yoke. Black velvet facings inset from centre. Concealed button closure.
